

# What are the expectations of a Partners In Adventure Volunteer

Our hope as staff members is for you to do these tasks below and to show initiative/independence in doing so. You can always ask us what you can do to help us throughout the day.

We do some really awesome activities at camp, and you will have opportunities to experience these, but the campers come first, so *sometimes* you need to make sure everyone else is getting their chance before you have a turn.

Here is a list of some typical duties that you would be responsible for:

## **Set Up/Clean Up at the following times and/or activities**

- Beginning of day (coloring materials, name tags, games)
- Morning/closing circle (set up/put away tarps, carry out other supplies needed)
- Arts and Crafts
- Games
- Workshop materials
- End of day cleaning

## **Partner**

- During games or workshops

## **Promoter**

- Get campers excited about activities
- Lead by example!

## **Friend!**

- Interact with all campers

**As a volunteer, you are receiving community support credit for your time at camp.**

**Above all, our goal is to make sure all participants at camp have the best experience possible!**
