

Interested in Volunteering for

Partners In Adventure

Inclusive Camps, Social / Recreational Opportunities for people with disabilities and friends

Partners In Adventure has many ways for people to volunteer!

Here are a few things to consider before filling out a volunteer application:

Volunteers must be at least high school age.

Often high schoolers use their volunteering at PIA as credit for school programs.

High school volunteers will require a reference letter from someone in their school as part of their application (teacher, guidance counselor, administrator).

Individuals must be able to follow given directions independently.

Individuals must be open to participate in any and all activities we offer.

If committed to a certain time or day, please show up...we are counting on you!

Volunteers can be asked to help out in a number of ways, like.....

Helping set up and take down activities.

Help with arts and crafts projects.

Pass out things, collect things, put away things.

Be a positive role model for others!

Be part of the game, be part of the dance, be part of the song!

Be a friend!
